PERSONAL PROJECTS

SU Social App

- It is a Social Networking Mobile App created in React Native for my university as my FYP. Unlike other Social Apps, this app is featured for university students and teachers only.
- For more details visit: <https://github.com/sumairlaghari/SUSocialApp>

Employee Tracking App

- It is a location tracking app which tracks user current location and update into database.
- Admin can see location of any user on map view.
- For more visit: <https://sumairlaghari.github.io/#work>
